

1998 index

If you've been keeping all your copies of *Computeractive*, you've got a great source of reference material. The only problem is finding the item you need. To help, here's the complete index to every edition published during 1998.

This index is divided into sections for Features, Reviews, and Workshops. Within these, topics are listed alphabetically. The numbers after each topic show issue number and then the page number. For example, '12-24' means issue 12, page 24.

Note that we didn't print issue numbers on our first four issues, just dates. To save space, however, we've used issue numbers throughout the index. Issue 1 was dated 26 February, issue 2 was 12 March, issue 3 was 26 March and issue 4 was 9 April.

If you are missing any copies, you can buy selected back issues for £1.95 each by calling 01858 439610. To keep your issues safe, binders are available for £5.95 each from the same number.
